Visiting Northern Zurich

Your guide will meet you at your apartment to start the tour at 10:00 AM. At first, you will visit one of the most beautiful panoramic vantage point in the northern part of the City of Zurich, overlooking Zurich and its surrounding beauty. Soon after this, you will visit the famous ETH and the Science city, providing you already the first great impression about Zurich.

Visiting 13th century fortification

Following our fascinating visit to the north of Zurich we move further north to visit a little yet very beautiful and charming fortification at the outskirts of Zurich that was built on a hilltop in the year 1245 and by 1417 was fully owned by Zurich. Many visitors spends peaceful time here while enjoying a breath-taking view of Zurich's country side.

Visiting the heart of Zurich

Following your visit the beautiful 13th century fortification we will move on to explore Zurich and first visit the university area, from where you gain the best overview of Zurich's medieval town and how this city is structured. Then you will move on to experience Switzerland's richest metropolitan area, the Dolder region and then visit another fantastic panoramic vantage point for some more stunning photo-shoots.

Upon arrival in the city centre, it will be almost time to enjoy your lunch. After the lunch break, you are going to be in the city's heart and visit the most well preserved Western part of the medieval town. You will also visit number of places from where you will enjoy 360 degree view of the city along with visiting the Roman settlements, the financial district area, world's famous richest shopping street and one of Europe's most admired medieval shopping quarter, all strategically located and can easily be reached on foot. Following a 2 hour tour of in this area, you will enjoy a coffee break at one of the most famous pastry place in town, unchanged in quality since 1905.
